MEMORANDUM FOR: Senior Review Panel Members
FROM: Director of Central Intelligence
SUBJECT: Comparative Look at National Estimate Production

1. Let me first apologize for the delay in acknowledging your excellent comparative look at national intelligence production. It is really a first-class job. One reason I didn't respond earlier is that I had in mind asking you to supplement your job by listing somehow among the innovations new art forms that have stemmed out of the national estimating process like:

-- Vulnerability study [redacted] and others
they turn out in the NIC.

-- Evaluations of various scenarios for change which have been done
[redacted]

2. Again, thanks for doing a good and important job so quickly and well.

MEMORANDUM FOR: See Distribution List

25X1 FROM: [REDACTED]
Director of Global Issues

25X1 SUBJECT: [REDACTED] Scenarios of Dramatic Political
25X1 Change [REDACTED]

25X1 1. This memorandum presents a number of possible scenarios
that could lead to dramatic change [REDACTED]. It thus
25X1 complements Intelligence Community assessments and estimates that
focus on probable further developments [REDACTED]. The analysis,
purposely provocative, aims to make explicit and bring to the
forefront of our thinking the diversity of challenges that could
threaten the regime in the years to come. Because the analysis
out of context is susceptible to misunderstanding, external
distribution has been severely restricted. Please limit
circulation in your office and do not reproduce the document.
Your thoughts on the analysis and suggested indicators are
welcome. [REDACTED]

25X1 2. We will send you similar papers on other countries as
they are completed. [REDACTED]
